11. 100-Word Abstract

Instructions:

The abstract must contain sufficient information for the conference committee to understand the content of the proposed session. Abstracts that are not sufficiently descriptive will not be accepted. **Please note for symposium submissions only one abstract outlining the central theme of the three papers is required.**

Be sure that spelling, grammar, and content are accurate, since the abstract will be printed in the program book exactly as written.

Please type in 12 point, Arial font using the format shown in the example below:

Title in upper and lower case letters

William Shakespeare, Institute for ABA
Mary Shakespeare, Institute for ABA

This is an example of what a 100 word abstract might look like. Be sure to tell readers what the focus of the session will be, and describe briefly what you did and the kinds of strategies you will use to get the information across to your audience. Write in the future tense ("The session *will* focus on, etc.") and be accurate but concise in your description. Provide as much detail as possible; and be sure to check grammar, spelling, and punctuation. The abstract will be printed in the Conference Program exactly as written. This abstract is exactly 100 words.

Type your abstract here:

Please also submit your photo with your application.

Presenters who wish to have their submissions considered for BACB Continuing Education Credits MUST submit the CEU application form *in addition to* this proposal (see separate form for details).

- I included the CEU application with this proposal (if applicable)
